

A low-angle, upward-looking photograph of several modern skyscrapers with glass facades. The buildings are silhouetted against a vibrant sunset sky with orange, yellow, and blue hues. The perspective creates a sense of height and architectural grandeur.

Sun City Company Profile

A photograph of a modern interior space, possibly a lobby or hallway, featuring large white arches and a curved wooden reception desk. The floor is polished and reflects the ambient light. A blue LED light strip runs along the base of the arches, creating a glowing effect. The ceiling is dark, and the overall atmosphere is clean and contemporary.

About Sun City Projects UK

Our company has been founded in 2020 and it's a branch of the mother company Sun City-Egypt that was founded since 2005. The company has been established with a vision of bringing ideas into reality and a mission of providing superior quality services to our customers at fair and competitive prices.

Sun City Projects UK is based on a concept of one stop shop for supplying a building material and furniture. For example but not limited, facade cladding, flooring, doors, hotel furniture, education furniture & office furniture. We provide a professional solution to our mainly customers of developers, contractors, consultants and designers in different countries.

Our team has the ability to import from different factories in the world directly into your construction projects, curated and supported by professional engineers, for pursuit of delivering the validated goods which conformity standard specification.

Who we are

A photograph of a modern building with a light-colored, textured facade and a large, dark, triangular window. The building is set against a blue sky with some clouds.
